

"A World Leader In Customized Dredging Solutions"

DREDGE PARTS Express

The DSC Dredge Parts You Need—When You Need Them

At DSC Dredge, we know that every dredge provides a personal story for the professionals who operate and work on these capable machines. From different dredging depths, to pipeline lengths and elevations, to unique material types, your project is distinct from anyone else's. We also know that even with the most diligent maintenance, your dredge still may experience an unexpected need for parts.

Whether you require parts for scheduled service or quick turnaround on a repair, DSC's Parts Express can help remove the drama from your downtime, and move your dredge into its next chapter of reliable uptime and productivity. Call us for cost-effective parts and kits that you can keep on hand for scheduled maintenance or unforeseen repairs.

DREDGE PARTS Express

Parts Express Customers Can Expect:

- Quick access to our knowledgeable and experienced parts staff
- Custom-manufactured, genuine DSC parts
- OEM off-the-shelf parts with rapid turnaround
- Express delivery to minimize downtime

DSC Parts Express is the complete replacement parts solution for all DSC dredge models, as well as most major dredge systems. A wide selection of parts—from cutterheads, cutter drives, gauge packages and winch systems, to hydraulic motors, cutter tube assemblies, pump assemblies and more—are always on hand and available to help your dredge return to productivity. DSC also offers great perks for preferred customers and regular discounts on promoted parts packages.

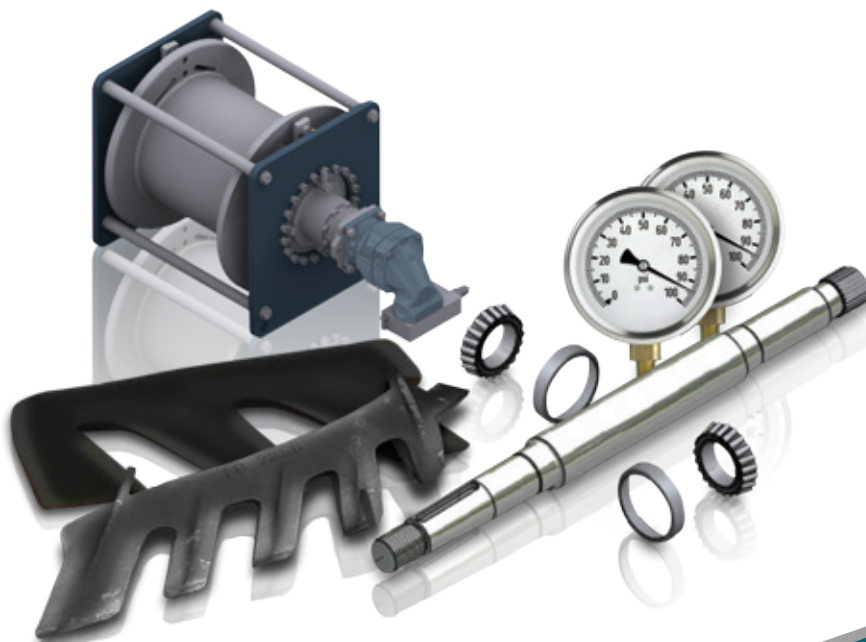

Parts Kits

Replacement parts packages are ideal for scheduled maintenance or unexpected repairs. Save downtime, repair time and expense by keeping assembled parts kit packages on hand and ready to go.

For more than 25 years, DSC's Parts Express has successfully provided customers with OEM and custom parts manufactured by DSC. Call us today to order parts that will keep your dredge operating efficiently and working on your dredge story's next chapter.

Available DSC Parts Kits:

- Display Panel Conversion Kits
- Cutterhead Kits
- Cutter Drive Kits
- Intermediate Bearing Kits
- Winch Kits
- Moray Pump Assembly Kits
